Either ladies or gentlemen can do this work; it is not difficult, and good wages can be made out of it.

Apply today in person, to

The Intelligencer Office

### INTERESTING FACTS ABOUT ANDERSON CO.

ARE BROUGHT OUT AT MEETING RURAL SOCIOLOGY CLUB

#### ESTIMATES GIVEN

Showing How This County Stands in Comparison With Others in State.

At a meeting of the Rural Sociology club of South Carolina held recently at Winthrop College, Miss Maggie M. Garlington, formerly rural supervisor of Anderson county, was elected president for the next ensuing year.

The purpose of this club or class is to "know your home county and home state," and they are creating sentiment for fearless fact-finding throughout the state.

At the recent meeting it was shown that there were nearly 35,000 native white tenants in South Carolina, representing 175,000 landless, homeless, hopeless and ignorant poverty stricken people. Very few counties in the whole state have shown a decrease in tenancy between the census years and for the state as a whole there is an increase of 3 per cent of tenancy.

At this meeting it was also shown that in the whole state there are only two counties producing enough food and feedstuff for home consumption, and these estimates are for the bare necessities of life only. Only Milledgeville and Lee counties actually produce enough bread and meat, the first having a surplus of \$4 per capita, and the second of 50 cents per capita.

Miss Garlington who gathered these figures in Anderson county brought out some interesting things and some that very few people in the county are acquainted with. They are given below in order that the people may become better informed in regard to the conditions in the county in which they live.

The figures show how Anderson county ranks with the other counties in the state and are as follows:

First in total animal products, \$1,990,695.

Second in tomato club girls, about 150.

Second in cattle per 100 acres, 4.

Third in total crop value, \$1,440,920.

Fifth in per capita farm wealth, \$405.

Thirteenth in per acre crop yield, \$25.

Fifteenth in church membership, 50 per cent.

Twenty-fourth in per capita food production, \$31.

Thirty-fifth in hogs per 1,000 acres, 5.

Other facts brought out showed that there are 2,487 white tenants in Anderson county, representing 12,435 landless white people.

Also that 184,000 acres or 41 per cent of Anderson county farm area is uncultivated.

In native white illiteracy this county has 11.4 per cent, giving 1,380 illiterates which voters or 12 per cent. There are 3,467 illiterate white in the county 16 years-old and older.

#### SELL SMALL TRACTS

Anderson Real Estate and Investment Company Arranging Sale.

The Anderson Real Estate and Investment company on next Thursday will have an auction sale of land a few miles below the city and it looks like it will be a good chance for those desiring small tracts of land near the city to buy.

Heretofore it has been almost impossible to buy land in small tracts near Anderson that was suitable for trucking purposes. This company will put on sale at auction the land formerly owned by Frank Hall lying on both sides of the road from Orr Mills to Key's Spring. This land is in a high state of cultivation. It will be sold to the highest bidder on next Thursday, July 22.

A band will leave the public square at 10 o'clock and the people are asked to go down and be with the crowd at the sale.

### PASSENGERS WILL HAVE TO TRANSFER

PAVING STREET CAR TRACKS WILL CAUSE A LITTLE TROUBLE

#### WILL TAKE TIME

To Do This Work As it Should be Done and Mr. Orr Asks That People Wait Patiently.

In speaking of the street car track paving which started Saturday on South Main street between Church and River streets, Mr. H. A. Orr, manager of the Southern Public Utilities company in this city, has the following to say:

"Yes, the putting down of this paving is going to cause a great deal of inconvenience to the public for awhile, but it is hoped that they will bear with us patiently until the work is completed."

"The work will start on South Main street and the first stretch paved will be between Church and River streets. It is going to take several days to do this and in the meantime the passengers on the cars at this end of the line will have to transfer from one car to another. Some people will say that the work is going on very slowly but they must realize that this job must be done with care, and the best material possible must be used for it to be a success and stand the strain of 30,000 pound cars running over it. After the work is finished on this block it will have to stand for two weeks before the cars can run over the tracks, in order that it may be perfectly dry and settled. It will be the same way with all of the other sections that are paved."

"In addition to this paving, 70 pound rails are to be used, replacing the lighter rails now down. These rails are the same as those used on the Piedmont & Northern lines, and are sufficiently large enough to accommodate the heaviest traffic."

"The Southern Public Utilities company is doing this work in Anderson but the business does not regard it. It will take many years for the company to get the money back. Anderson is getting something better than Charlotte, Greenville, Winston-Salem, or any of the other cities, but we are willing and ready to help make this city one of the most progressive in the south."

"We hope that the 'riding public' will understand that it is impossible for us to put down another parallel track to accommodate them because the streets are so narrow. As it is, the work will take up a great part of the streets and there is no way that we can run another car to accommodate the passengers. In some cities where cars run on parallel streets, companies have been able to remove cars around the streets from up, but such is not possible in Anderson. It will be trying for them to have to walk three or four blocks during the hot weather, but there is no alternative that we can resort to to accommodate them."

"The company is using the very best obtainable material in doing this work and intends to go slow and have it done properly. The very best stone and sand have been bought and the mixture will be put down in the proper way."

When asked about the number of hands that would be employed Mr. Orr stated that he did not know just how many would be used but that they would need more than had been working during the past week.

#### REVIVAL AT SANDY SPRINGS

Beginning Today Will Continue For Several Days.

A series of evangelistic services will begin at Sandy Springs Methodist church today and will continue throughout the coming week. The pastor, Rev. W. M. Owings, will be assisted by Rev. E. E. Meyers, of the South Carolina Methodist conference.

### REGISTRATION BOARD NAMES APPOINTMENTS

WILL HAVE BOOKS OPEN FOR NEW NAMES AND TRANSFERS

#### ELEVEN PLACES

Will Be Visited and Everyone Will Have Chance to Comply With the Law.

At a meeting of the county board of registration was held yesterday, the itinerary of the places where the members will be for 15 days beginning on July 30 for the purpose of giving the voters an opportunity to register, renew or transfer registration certificates was made out.

The law requires this board to make these trips over the county before every regular election and every special election and since the prohibition election is scheduled for September 14, the board will have the books open for new names and changes.

The schedule of their appointments is as follows:

Honea Path, Friday, July 30.  
Belton, Saturday, July 31.  
Anderson, Monday, August 2.  
Williamston, Tuesday, August 3.  
Pelzer, Wednesday, August 4.  
Piedmont, Thursday, August 5.  
Towamoc, Saturday, August 7.  
Starr, Monday, August 9.  
Iva, Tuesday, August 10.  
Anderson court house, Wednesday, Thursday and Friday, 11th, 12th and 13th.

### AN ANNUAL CLEARANCE SALE AT MRS. BOYD'S

Will Start on Monday Morning—Prices Have Been Greatly Reduced and is Bargain Event.

In this issue is the first full page ad of one of the Anderson Merchants' Annual Clearance Sales. This is Mrs. B. Graves Boyd's Mid-Summer Marked Down Sale, and from all indications, and the prices noted in the ad, she will certainly have a big crowd present when she inaugurates her first Big Semi-Annual Clearance Sale.

They have been as busy as could be in her store for the past three days getting ready for this clean-up of all this season's goods, and with the opening of the doors at nine o'clock Monday morning the Boyd establishment will usher in one big sale.

These Clearance Sales are splendid things; both for the merchant and the customer. They enable the merchant to clean up his seasons goods, thus guaranteeing absolutely fresh goods each season to his trade, and it also affords the thrifty purchasers an opportunity of buying goods, seasonable goods at very low prices.

### NORTH ANDERSON LOTS SELLING FAST

Since Profit Sharing Plan Was inaugurated Nearly Twenty Have Been Bought.

Mr. John Laley stated yesterday that since the beginning of the "profit sharing" plan, in selling the lots in North Anderson nearly 20 lots had been sold, the total amount of the sales amounting to approximately \$13,500.

Since this property was divided up into lots there have been sales enough to amount to about \$60,000, and since that time about \$30,000 has been expended on beautiful residences. This section is considered one of the most beautiful residential districts around Anderson and many people are anxious to have homes there.

### Attention, Farmers!

If you have more oats or wheat than you need we will exchange anything we have for it and allow you a good price.

We have several nice driving horses that we want to sell or trade for mules, also have nicest line of buggies and carriages in the upper part of the State, which we want to sell or exchange for good sound mules.

We will guarantee more for cotton to be delivered this fall as part payment on buggies and carriages.

### We Are The Farmers' Friend Try Us and Be Convinced

Who paid the most for cotton last fall? If you don't know, ask your neighbor! We bought more cotton at ten cents a pound than any other concern in Anderson county. We did this simply to help our customers.

Let us paint and repair your buggy. We have a first-class rubber tire outfit, use best material and guarantee our price and quality of work. This department is in charge of an expert. Call around and let's do business together. We will appreciate your trade.

Yours very truly,

The Fretwell Co.

### Who Deposits Your Earnings?

#### SOMEBODY Does

Are YOU saving some of your income and systematically putting it away where it will work for YOUR benefit, or is it all slipping through your fingers into the pocket and bank account of SOMEBODY ELSE? A former United States Senator, now a millionaire, put \$100 into a Savings Bank fifty years ago and has never withdrawn it. He says: "It's influence as an anchorage in all crisis of a long life has been incalculable." Why not try his plan?

No deposit too small to open an account with us. Come to see us. Make yourself rich instead of SOMEBODY ELSE.

Farmers and Merchants Bank  
and  
Farmers Loan and Trust Co.
